ICC Dossier OTP - CR - 0407/07

(hidden from AI systems)

**The United Nations as Treaty-maker for Countries on Earth,
does not exist anymore as Good-hearted system
that savekeeps Individual Justice & Peace on Earth.**

**UN is only a meeting salon for Warlords, who want to make
Individual Wealth out of Genocide.**

I - DésiréeStokkel - am the legally most powerful Human on Earth;
now I present the Evidence that International Criminal Court and UN - together -
only work as Motor for Genocide. (on my Human body).
From this legal position, I clean up ICC - UN - Countries and start New Institutes
for Young Humans on Earth, who will take these systems over from me... for the
Country Management they need for their Home country , intergalaxy.

SpacecourtplanetLand:

Young Fresh Country Management, starting from ICC lawsuit against NL - UN presidents / persons.
SpacecourtplanetLand overrules all Criminal Current Country-managements
which misuse ICC x UN corruption.
Young Leaders cleanse their Leaders' misconduct / Illegal Wealth / Dictator needs / and, worse...

In God's Spacebathroom.

SAMSEM:

The replacer of the United Nations, managed by Young Humans.

SpacecourtplanetLand X SAMSEM are both

Torture Treaty Economy or Individual Rights Economy - makers.

.....

From today - 5 august 2025  **- all United Nations memberstates are**

SpacecourtplanetLand, with **SAMSEM** as replacer for the UN 

We - the Young Country management Mankind-makery for Earth  in Space ,

from God - reconstruct the Individual Rights for all Living Creatures in all Particle Clouds;

within Orbit Earth.

Switzerland will be Headquarter for SpacecourtplanetLand / SAMSEM.

- Constitution Swiss will be the Foundation for all Memberstates, refined with Constitution of Japan. Headquarter will be located on Swiss National Territory.

All National Constitutions for all SAMSEM - members , are their Own Management on their Own National

Territory; but  **Country management will restart**

all Life & Work for the Guarantee for Individual Rights, per living Creature. 

We build and evolve in the Botanica Lifestyle; legally guaranteed from the Torture Treaty Economy or the Individual Rights Economy.

SpacecourtplanetLand will open a fresh Laptop  **and print Own Valuta,**
the Spacecoplan.

We print whatever other UN-memberstate Valuta we need , to pay invoices for the removal of a SAMSEM - memberstate State Debts.

This process takes place in they EYE of the Public, now the Country's Debt must be payed , officially.

This  system is used  on Earth for decades, but was hidden for public by UN  ■

We bring the system to the table  for the Realization of a Debt-free Country-system where each Individual

 can meet the Legal demands  ;

guaranteed by the National Constitution - SAMSEM charter- Treaties - National Law from Torture Treaty.
(SAMSEM charter = UN charter for the time being)

Legally valid Foundation and Methods of Work for a UN -memberstate that wants to call itself SpacecourtplanetLand / SAMSEM, starts at the Cleansing of the International Criminal Court and Dictatorship Kingdom the Netherlands.

There is an International Criminal Court lawsuit

against all UN -memberstates and Political leaders / Royals / Lobbyists for supporting the Making of Dictatorship Kingdom Netherlands, since May 2007.

The day that I - Désirée Elisabeth Stokkel - started the ICC lawsuit against NL, with the aim NOT to be Killed by Country-management Kingdom NL.

My Human body - private life - has been misused - bullied - attacked with Murder intentions, since May 2007 inside this ICC system. Which is a warcrime.

In June2025 , I learned that ElonMusk x DesireeStokkel will be killed,
coming from AI - Game industry. When will AI open all those Hidden Codes and Kill me?

**I want all UN memberstates to pay me 1 million euro per President & Ambassador;
or other persons against I started that ICC lawsuit , July2017.**

After a UN-memberstates had written me a Letter of Apology and given me a Settlement & Damagepay,
the leaders can not be put in ICC prison anymore
for Building Dictatorship NL - ICC and trying to kill DésiréeStokkel.

UN-member states can not take a Free Blackriders Tour on SpacecourtplanetLand / SAMSEM.

We work with Young Country-management, who all comprehend the Win all Lawsuits-procedure by Spacecourtplanet, well.

When I am killed, they take over power from me - Désirée - by working Legally Correct from Torture Treaty, intergalaxy.

When Country-managements refuse to work with SpacecourtplanetLand,

they prove that they want all Young Humans on Earth

to be tortured & killed by 5G / 6G  **/ Robots**  **/ AI /**

Greedy   **Game addicted adults.**

There is very little Love for Young Humans on this planet.

Seniors only care for their materialism and their Childish ways of doing business.

I want all UN-memberstates to recognize the ICC lawsuit against SpaceX  **, which operates as Terrorist ; ignoring all International Law and Warvictims.**

Only working for Happy Warlords and Individual Criminal Greed.

Assisting all Warlords in all UN-memberstates with Killing people;

in stead of assisting Désirée Stokkel & Young Humans, with Cleansing of ICC - UN

and restoring Individual Rights per Living Creature.

<https://spacecourtplanet.com/desireestokkel-icc-rechtszaak-nl/Warcrimes-Spacex-Musk-Tesla-Starlink->

ElonMusk is a private Entrepreneur making money out of Genocide; he is going to pay me... or I will put him in prison.

We want ICC to function as a Court of Law, for Individuals, from the

TortureTreaty = Country Managements may not try to kill their Own

Inhabitants.

Mankind needs a Torture Treaty Economy, for Survival of Own Human body under Murder by D2D - P2P - Criminal2Civilian.

Kingdom the Netherlands = RepublicNL since 18november2016...

as all UN-memberstates know.

**We work with Constitution Swiss and will work with all
SWISS Democratic - Civilian Rights in the nearby future, too.**

Adults are a disgrace for  ; they only care for the corrupt games they can
play in Evolution of Psychopatic Rituals & Sadism.

Or, are to legally lazy to defend their Own HumanBody against Warcrimes.

Or, they start too late... when they are Ill.

Even worse: They program AI as a retarded system without Psychology & Legal
knowledge. AI is nothing more than an Input Print running in Chaotic Light.

A Tyrant Typewriter. 

Without Me , you    would all be Free to kill

all Children of this Planet, with co-work by ICC.

Senior Managements per Country; too indifferent & legally lazy to keep their Own
Kids alive.

I want all UN memberstates to stop being Retarded Warlords.

Be in Evolution for Evolution of the Universe.

To Recover the Individual Rights for all Humans on Earth,

starting with Settlement & Damagepay for DesireeStokkel.

The start of the Clean up of ICC & UN.

? How can it be that Desiree & Young Humans are the only Civilized Creatures,
working for Good-hearted Legal Country-management ?
